Index

Page numbers in **bold** indicate figures or tables.

Aborted nests, 83, 84
Algal blooms, 165
Algonquian, 10
Anapsid, 7, 8
Anatomy, 13–22
Annual activity cycle, 33, 36, 40
Annuli, 14, 16
Anoxia, 18
Aquaculture, 51, 151, 169–170
Archelon, 5

Bald eagles, 48
Barnacles, 49–150
Barnstable, 49; nesting, 94; population, 178; terrapin harvest, 140. See also Sandy Neck
Barnegat Bay, New Jersey, 61
Basking, 31, 32, 33, 168
Beaufort, North Carolina, 22, 34, 37; head-starting, 125; nesting, 94; terrapin farms, 143–144

Biloxi terrapin, II. See also *Malaclemys terrapin pteata*
Black rat (*Rattus rattus*), 71, 107
Blue Crabs, 22, 153–154
Brackish water, 26, 28, 43, 111, 172, 187
BRD. See By-catch Reduction Device
Bridge, 13, 17, 150

Brigantine Wildlife Refuge. See New Jersey
Brumation. See Hibernation
Bulkheads. See Seawalls
By-catch, 64, 137, 147, 153–159, 202
By-catch Reduction Device (BRD), 157, 174, 187, 188, 193–194, 201–202. See also Terrapin Excluder Device (TED)

Cape Cod, Massachusetts, 3, 11, 33, 47, 49–55; incubation, 96; nesting, 85; nest temperature, 97; terrapin harvest, 140
Cape Cod National Seashore, 50, 54
Cape May, New Jersey, 94; road mortality, 152. See also Wetlands Institute
Carapace, 5, 11, 12, 13, 24, 113, 150, Plate 2; notching, 52, 53, 175; radio transmitters, 119
Cardiopulmonary system, 18
Carolina diamondback. See *Malaclemys terrapin centrata*
Charleston Harbor, 66, 184
Chelonian, 4, 5; Chelonia, 10
Chesapeake Bay, 23, 37, 41, 63–64, 129, 137, 192, 195, 200–201; clutch size, 93; crab pots, 155–156; nesting, 8; *Spartina*, 120; terrapin harvest, 138, 139–140, 146, 196
Circadian rhythms, 19
Clams, in terrapin diet, 37–38
Cloaca, 19, 28, 78, 80, 92, 124; cloacal opening, 21
Clutch, 81, 85; clutch size, 75, 76, 93
Commercial fishery, 49, 63, 72. See also Harvest
Connecticut, 55–56; terrapin harvest, 140
Cordgrass. See *Spartina alterniflora*
Courtship, 79
Crabs, 45; in salt marsh, 47; in terrapin diet, 38, 39
Crab traps. See Crab pots
Cretaceous period, 5
Crisfield, Maryland, 34, 142, 195
Crustacean, 22, 36, 44
Cultivation of terrapins. See Farming, terrapin

215
INDEX

Delaware, 62, 117; terrapin harvest, 140
Demography, 174–184, 199
Diamondback terrapin task force, 64, 195, 200
Diapsid, 7, 8
Dikes, 167, 168
Ditching of marshes, 166
DNA sequences, 8
Dormancy. See Hibernation
Dredging, 17, 51, 57, 61, 167, 170–171
Ectothermic, 4, 31, 32
Eel pots, 155, 187
Eggs, 91, Plate 9; egg size, 93
Egg tooth, 112, 113, Plate 11
Emergence hole, 112, 113
Emydid turtle, 5, 19, 26, 124
Emydidae, 8, 10
Endotherm, 24
Eocene, 5, 9, 10
Estivation, 36, 69
Estuaries, 3, 26, 44, 161, 164
Euryhaline, 9
Everglades National Park, 48, 67, 71
Evolution, 4–10
Extirpation, 66, 145, 149, 156, 166, 180
Farming, terrapin, 75, 126, 136, 143–144
Feces: fecal analysis, 37, 62, 119, 122, 164; fecal coliforms, 164
Feeding and nutrition, 36–39
Freeze tolerance, 124
Fiddler crab, 37–39, 47
First Workshop on the Ecology, Status and Management of the Diamondback Terrapin, 199
Florida Bay, 9, 24, 43, 48, 67–71, 148; nesting, 85, 87
Florida East Coast terrapin, 11, 77; mating, 79, 80; nesting, 94. See also Malaclemys terrapin tequesta
Florida Keys, 11, 34, 43, 67, 70
Florida, northeast: clutch size, 119; nesting, 85, 87, 94
Galveston Bay, 71–72; subsidence, 168
Ghost pots, 156, 188, 202
Gonads, 97, 99–101; gonadogenesis, 97
Graptemys, 8, 9, 10, 142, 181
Groins. See Jetties
Growth rates, 40, 178
Growth rings. See Annuli
Gulf terrapin, 11, 72. See also Malaclemys terrapin pileata
Habitat degradation, 166–169
Hardarian gland, 27
Harvest, 64, 138–140, 145–148, 174, 196
Hatchling, 31, 40, 42, 47, 48, 71, 87, 202, Plates 12, 13, and 14; emergence, 112–114; food preferences, 121–122; hibernation, 118, 123–124; orientation and movement, 114–121; predators, 113; road mortality, 116; tracking, 122
Headstarting, 50, 118, 119, 122, 125–132, Plate 16; Barnstable, 129; Richard Stockton College of New Jersey, 128; Wellfleet, 122; Wetlands Institute, 128; Wheaton College, 119–120, 122–125; Turtle Tots Program, 128
Heavy metals, 161
Heliothermic, 32
Hibernaculum/Hibernacula, 36, 57, 151, 196
Hibernation, 14, 19, 33–35, 168, 175; dredging, 171; seawater, 34; Wellfleet, 51
Home range, 79
Horsehead Wetlands Center, 146, 185, 186; Plate 2
Hurricanes: Georges, 70, 71, 183; Hugo, 65; Isabel, 146, 151
Hybrids, 25, 144, 184
Hyperphagia, 30
Ice scouring, 45, 151
Ilyanessa obsoleta, 38
Inbreeding, 103, 185
Incubation, 96
Intergrades. See Hybrids
Invasive species, 171
INDEX

Jamaica Bay Wildlife Refuge, 58, 60, 171; clutch size, 93; nesting, 84, 85, 88, 94; raccoons, 81, 104, 106
Jaws, 21-22
Jetties, 61, 169
Jurassic period, 5
Juveniles, 31, 39, 47, 71, 111, 177, 202, Plate 2; crab pots, 157-158; tracking, 122
Keel, 11, 14, 16
Keratin, 13, 33, 150
Key West National Wildlife Refuge, 24
Kiawah Island, South Carolina, 65, 78; crab pots, 155, 188; population, 178
Lacrimal gland, 26, 27, 28
Life span. See Longevity
Little Beach Island, New Jersey, 20, 61; nest predation, 106-107; nest temperature, 97; nesting, 83
Littorina, 46-47; anguilifera, 46; irratoria, 37, 39, 40, 46; littorea, 46
Limbs, 21-22
Living Shorelines, 194
Long Island, New York, 19, 47, 56-57, 60, 86, 111, 145, Plate 6; dredging, 170-171; multiple paternity, 184; Oyster Bay, 92, 122; predation, 107
Longevity, 41
Lost Years, III, 112
Louisiana, 20, 40, 72; crab pots, 158; nesting, 94
Malacoclemys, 3
Map turtle. See Graptemys
Mangrove swamps/islands, 3, 46, 69; predation by rats, 107
Mangrove terrapin, II, 22, 67, 71, Plate 8. See also Malaclemys terrapin rhizophorarum
Mark-recapture, 42, 56, 175, 178
Massachusetts Audubon, Sanctuary, 51; Society, 17, 51, 106
Mating, 79
Mating aggregations, 79, 80
Melampus, 122; bidentalis, 46; lineatus, 37
Melanin, 24
Merritt Island, Florida, 20, 40; raccoons, 148
Metapopulation, 179, 184
Microsatellite DNA, 182, 184
Middens, 136-137
Midge, 48
Miocene, 10
Mississippi diamondback, II. See also Malaclemys terrapin pileata
Mitochondria, 8, 181
Mitochondrial genes (DNA, genome, markers), 9, 24, 180-183
Mobile Bay, 72
Mollusk, 3, 10, 22, 36, 44, 45, 165; as parasite, 149-150
Multiple paternity, 80, 184
Natal homing, 87, 88
Native American, 133-134, 136-137
National Diamondback Terrapin Working Group, 173, 199
Nauset Marsh, 49
Nests, nesting, 81-96; 82, 91, 94; digging the nest and nest site selection, 86-89; nest chamber, 90-91; nest protectors, enclosures, predator excluders, 188, 189, 190; predation, Plate 7. See also Raccoons
New Jersey, Brigantine National Wildlife Refuge, Edwin B. Forsyth National Wildlife Refuge, 186; incubation, 96; nesting, 94; terrapin harvest, 140
North Carolina, 20, 40, 64-65, 137; hatching hibernation, 123; predation, 107; terrapin harvest, 140, 147
Northern diamondback, II, 142. See also Malaclemys terrapin terrapin
Norway rat (Rattus norvegicus), 57
Oil pollution, 161-163
Orbital glands, 27

217
Ornate diamondback, 11. See also *Malaclemys terrapin macrospilota*
Osmoregulation, 9, 26–32, 42; during hibernation, 34
Overwintering, delayed emergence, 123
Oviparous, 75
Oyster, 46, 149, 170, 186
Paleocene, 10
Parasites, 151; microbes, 127; shell, 33
Passive Integrated Transponders (PIT), 60, 69, 71, 175
Patuxent River, Maryland, 20, 64; by-catch reduction apparatus, 158; crab pots, 156, 187; nest temperature, 97; nesting, 84, 87, 94, 96
Periwinkle. See *Littorina*
Philopatry. See Site fidelity
Phylogenetic analysis, 9, 180, 181
Phylogenetic relationships, 6
Phylogenetic tree, 7, 8
Piping Plover, 48
Pipping, 112
PIT tags. See Passive Integrated Transponders
Plastron, 5, 11, 13, 21, 24, 28, 78, 113, 150, Plate 3; plastron length, 12, 41, 93, 176–177
Pleistocene epoch, 6
Poikilothermic, 32
Pollution, 159–163
Pounds, crawls, or pens, 143
Predation: eggs and nests, 104–109; hatchlings, 113; insects, 108–109; rats, 107; plant roots, 107–108. See also Raccoons
Proganochelys, 4, 5
Raccoons, 49, 59, 66, 67, 81, 104, 105, 106, 148–149, 179, Plate 7
Recreation, 171
Recruitment, 58
Regulations, 176–177
Reintroductions: Buzzards Bay, 55; Long Island, 56
Revetments. See Seawalls
Rhode Island, 20, 24, 55–56; population, 178
Riprap. See Seawalls
Road kill. See Road mortality
Road mortality, 77, 152–153
Root predation/infiltration, 86, 107, 191. See also under Predation
Ruler’s Bar Hassock, 58, 105
Salt glands, 9, 27; hatching, 31–32; in hibernation, 34
Salt marsh, 43–49; Merritt Island, 166; New Jersey, 60
Salt marsh hay. See *Spartina patens*
Salt marsh mosquito, *Aedes* species, 47
Salt marsh snail. See *Melampus*
Sandy Neck, 49, 50; nesting, 83, 87; raccoons, 106. See also Barnstable
Scat, 37
Scute, 12, 13, 15, 52, 150. See also Carapace notching
Seawalls, 61, 87, 169, 185, 195
Seawater, 26, 27, 28, 29, 44; headstarting, 130; hibernation, 34
Second Workshop on the Ecology, Status and Conservation of the Diamondback Terrapin, 67, 199
Secondary sex characteristics, 21, 78
Sex ratios, 76–78, 175
Sexual dimorphism, 21, 78–79, Plate 1; crab pots, 156; foraging ecology, 39
Shell, anatomy 13–17; anomalies, 14, 15, 54; coloration, 24; embryonic origins, 13; growth, 14; injury, 17, 18; measurements, 53; middens, 136; notching, 53; recipes, 140, 141; shell parasites, 149–150
Sib-avoidence, 103
Site fidelity, 56, 180, 185
Soft shell disease, 33
Sonic tracking, 56, 57, 171
South Carolina, 20, 38, 39, 41, 64–65, 142; crab pots, 154; dikes, 167. See also Kiawah Island
Southern diamondback, 11. See also *Malaclemys terrapin centrata*
*Spartina*, 38, 44, 116, 117, 120, 125; in Chesapeake Bay, 120, 195
*Spartina patens*, 44, 120, 151, 166; in Oyster Bay, 57, 111; in Wellfleet, 118
*Spartina alterniflora*, 45, 118, 120; in Delaware Bay, 62; in Florida, Duval, and
INDEX

Nassau counties, 67
Sperm competition, 80; sperm storage, 80
Subspecies, 3, 10, 11, 22–25, 142, 181. See also individual subspecies under Malaclemys terrapin

Taxonomy, 10
